

Chroma Key and Digital Screens for Hire

Screens are available in various material types, colours and sizes to suit your production.

Screens up to 20 feet come with a rigid frame, or a stand kit to suit. Larger screens require specialist rigging.

Texas Productions also carry most support equipment you may need. Frames, stand kits, C stands, shot bags, digi-paint, digi-tapes, digi-card, suits, hoods, gloves, flooring material, floppies and all your screen needs.

Key:

L – Lycra material. Good for large screens where weight can be an issue for rigging. Cannot be joined using Dutchmen	S – Spandex. Intense colour, but a bit "shiny". Very dynamic stretch. Cannot be joined using Dutchmen.
F – Robust heavy duty flooring material. Can be used draped over stand kit for cyclorama effect.	V – Veltex. Our most popular screen material. Strong knap for even lighting, spongy backed dense material, hangs and stretches extremely well. Can be joined using Dutchmen.
C – Painted heavy-duty canvas.	W – Wool felt, heavy knap - only available in Chroma green.
N – No	Y – Yes
